

Peru Group Quest

United Planet's program is based in the ancient Incan capital of Cusco, a safe and tourist-friendly city which is easy to navigate, with kind locals who are enthusiastic in sharing their culture with visitors.

Projects

Social Projects

Your group can work with orphanages, schools, and daycare centers. You can spend your days with the children, taking care of their basic needs such as feeding or changing them, as well as playing with them and doing educational activities. There are also options to work in a women's shelter and psychiatric clinic.

Healthcare Projects

If your group has a medical or dental focus you can work in clinics in Cusco. Your group would be split up among different clinics. Work can include shadowing the doctors and nurses at the clinics, and assisting in other areas as needed. All of the clinics have different policies and the range of work and activities may vary among clinics. Please note that pre-medical and medical students are not authorized to treat patients directly, but may assist in various areas as directed by clinic staff.

Accommodations

Your group may live with host families or in a group house. Living with host families is a great way to experience the flavor and culture of local life while practicing your Spanish! The group house is a nice option for those who would like to have a common space for meetings or reflection. Depending on your group size, there may be others in the house at the same time.

Standard Program Fee

The fee for the standard 10-day group Quest described on the itinerary below is \$1345.

Your price will differ if you choose to customize your Quest to meet the project, accommodation, and activity interests of your group. The price is based on accommodation with host families; if you choose group housing the price will be adjusted. One group leader travels for free when recruiting 10 participants.
